

## **SAN BRUNO**

**DEVELOPMENT** The station opened in June 2003. The former Navy Recruitment Center is being developed into a high-density, mixed-use “Transit Village” directly across El Camino from the Tanforan Mall and the BART Station. Construction is now underway. The Mall itself is also under new ownership and is being redeveloped.

**ACCESS IMPROVEMENTS** With the opening of the SFO extension, daily parking charges apply to all parking spaces at the San Bruno Station, and monthly reserved parking spaces are available as an additional option.
